

WALLACE, IDAHO SWEEP BY FLAMES

For a Time Looked Much as Though Town Was Doomed To Destruction.

DEAD NUMBER TWENTY-FOUR

Fire Department, Colored Troops, Citizens, Everybody Fought the Fire and So Saved City.

Wallace, Ida., Aug. 21.—Driven by a heavy gale the forest fires that have surrounded Wallace for weeks swept over the tops of the hills last night and crept down the slopes into the east end of the town.

Twenty or 30 small dwellings on the hillside burst into flames about 2 o'clock and the blaze caught a few minutes later in wooden warehouses and hotels of Seventh street. Every available man in town working under orders from Mayor Walter Hanson under the glare of flames on the surrounding hills and the pall of smoke overhead, at 11 o'clock were seeking to hold the damage east of Seventh street.

Daylight this morning showed that imminent danger of the city's destruction had passed, but it brought also confirmation of losses which were only rumored and suspected during the conflagration of the night. At least two died in the city fire, John J. Boyd, a pioneer of the Cour d'Alene, and for mer Oregon Railroad & Navigation company agent, and an unknown man or woman who was incinerated in the Michigan hotel. Only the skull of the latter was found in the ruins this morning.

Of the fire fighting forces an accurate toll of the dead and wounded is not available, but the known dead number 24, the total injured 25, in addition to 10 blinded.

The work of the city fire department, members of the Twenty-fifth infantry, colored, volunteers, and the forestry forces alone saved Wallace from total destruction. The conflagration in the east end was stayed shortly after 11 o'clock, and back-firing on adjoining hills to the west and east prevented new fires in those directions. It is estimated that the loss in the city is about \$1,000,000. The entire eastern section from Seventh street to Canton is destroyed, with three terraces of residences on the hillside.

Two or three hundred people are left homeless in Wallace, many having lost their belongings. A thick pall of smoke still hangs over the city and a watch is being kept at points of danger. The water supply is good. The lighting plant, which was disabled last night, has resumed operations.

VICE PREST. SHERMAN WILL STUMP FOR MCKINLEY

Chicago, Aug. 22.—Vice President James S. Sherman is to take the stump in Illinois this week for Congressman William B. McKinley, candidate for re-election in the Nineteenth district. This announcement was made yesterday at the headquarters of the Republican congressional committee. Although Congressman McKinley has no opposition at the primaries and says he has every prospect of success at the election, Mr. Sherman will make two speeches in his behalf. One will be at Clinton next Saturday afternoon and the other at Decatur, in the evening.

From Illinois Mr. Sherman will journey to Missouri, where he will make speeches in several congressional districts. Other dates are being arranged for him in the southwest.

Mr. Sherman's first speeches in the congressional campaign will be of more than local significance, according to the announcement at Republican headquarters, as he is expected to voice the administration's attitude in the impending primary contests between regulars and insurgents.

MADRIZ ARMY IS DEMORALIZED

Consternation Reigns in Managua and Provisional Government Tottering to Its Fall.

REVOLUTION IS VICTORIOUS

Americans' Lives in Danger—Crowds in Street Shouting, "Death to the Yankees!"

Washington, Aug. 21.—The provisional government of Nicaragua is tottering to its fall, the Madriz army is demoralized, consternation reigns in Managua and Dr. Madriz, his general-in-chief, Toledo, and Dr. Irujo, are preparing to flee the country. This, in effect, is the news received by the state department today from United States Consul Olivares at Managua, and these advices are confirmed by dispatches from Mr. Johnson, United States consul at Corinto.

The panic in the capital is threatening lives and property of Americans. Crowds are reported traveling the streets crying "Death to the Yankees." The cruisers Vicksburg and Yorktown are at Corinto and in close touch with that legation, and the consulates in Managua are under heavy police guard and preparations have been made to meet attacks on American lives and property.

The situation grew out of the victory won Thursday by the revolutionists, who defeated a strong column of government troops, and crossed the Tipitapa river.

MADRIZ'S ARMY ROUTED. The route of the government army seems complete. Mr. Olivares reports that Gen. Toledo, who was in command of the Madriz troops arrived in Managua today following his defeat and announced his force had been seized with panic and fled when attacked. Soldiers made their way to Granada, while others continued their flight to the capital.

Granada appears to be at the mercy of an undisciplined mob of soldiers, who are reported to be pillaging the houses there. It is added that the Estrada force is already at the gates of the city and is preparing to take the place by assault. From the evident demoralized condition of the Madriz forces, observers believe that Granada will be taken by Estrada with little trouble, and the way to the capital thus practically will be clear.

It seems the unanimous opinion in Managua, Mr. Olivares reports, that the power of Madriz is steadily weakening and that his overthrow is momentarily expected. The revolutionary army is only 12 miles from the capital and the capture of Managua is looked upon as inevitable.

It also was announced that Dr. Madriz has publicly declared his intention to turn over to Jose Dolores Estrada, a brother of Gen. Juan Estrada, the de facto authority actually in his hands. In turn, Jose Dolores Estrada has announced his purpose of making way for the leaders of the Estrada revolution.

MADRIZ'S FAMILY LEAVES.

The family of Dr. Madriz already has left the capital for Corinto, and the dispatch declared that Madriz was preparing to follow them. Gen. Irujo also was declared, were making hasty preparations to leave the country. In support of Mr. Olivares' advices, Consul Johnson reports that the Madriz family arrived in Corinto Friday and that, with Gen. Irujo and his household, they expected to leave for Mexico or the United States on Monday aboard the gunboat Angola or a north-bound Pacific mail steamer.

Granada was taken by the revolutionary force under Gen. Chamorro and Gen. Mena, according to a cablegram received late tonight by Senator Catrillo. The Madriz forces rallied and attacked the revolutionary troops, but were defeated decisively. Tipitapa is in the power of the revolutionists.

RIOTING IN MANAGUA OF SERIOUS PROPORTIONS

New Orleans, Aug. 21.—Rioting in Managua is said to have reached serious proportions, two deaths having already been reported.

Pioneers of West Will Hold Carnival With Colonel Roosevelt as Their Guest.

In thirteen years, from an event of local importance, the annual carnival known as "frontier days" at Cheyenne, Wyo., has grown to an almost international celebration, for to the scene of shooting and riding contests come people from all quarters of the earth. Horsemen of the plains of Australia, vaqueros of old Mexico, Canadian drivers of logging oxen and skilled "ropers" of steers from the Sandwich Islands. This year, however, the celebration is to be on a grander scale than ever, and one of the biggest attractions will be the presence of former President Theodore Roosevelt, who has promised to greet his old comrades of the frontier at the show, which opens Aug. 24 and continues for four days. All the scenes of border life as experienced by the pioneers of the early fifties as well as life on the big cattle ranges and battles with Indians will be depicted, not after the manner of the modern wild west show, with its tired performers who practice the same plays daily, but by the real Indians, cowboys and plainsmen who have lived in the west for a lifetime.

PORTUGAL LIKELY TO HAVE TROUBLE

Clerical Party's Dissatisfaction Culminates in Organization Of Revolution.

MILITARY ARE UNDER ARMS

Government Disturbed Over Republican Activity in Preparing For General Election Sunday.

Lisbon, Aug. 21.—(By way of the frontier)—The Seculo says the clerical party's strong and growing dissatisfaction with the liberal policy of the government has culminated in the organization of a revolution to overthrow the administration, seize its members and set up a military dictatorship, the first object of which will be to stamp out the Republicans.

El Mondo says that several regiments have joined the movement and that the duke of Oporto, the heir apparent to the Portuguese throne, while at the casino at Cascaes last night, was apprised of this fact and took refuge in the fortress. The paper says also that alarm is general and that the military and naval forces are under arms night and day. King Manuel is at Bussaco mountain, near Coimbra.

The government is greatly disturbed over the intense activity of the Republicans in preparing for the general elections next Sunday. The candidates for office have entered every constituency in the country. The authorities have searched the homes of a number of Republicans and have found stores of arms and ammunition.

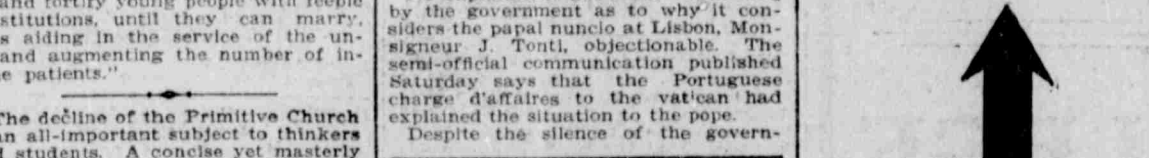

It is known that a quantity of rifles and revolvers is being smuggled into the country across the Spanish frontier, and that the Republicans are well armed.

No explanation has been vouchsafed by the government as to why it considers the papal nuncio at Lisbon, Monsignor J. Toni, objectionable. The semi-official communication published Saturday says that the Portuguese charge d'affaires to the Vatican had explained the situation to the pope.

Despite the silence of the government, it is understood the trouble between it and Dr. Toni had its origin in the organization of clericals following the government's censuring of the archbishop of Braga early this month for suppressing a Portuguese Franciscan newspaper without submitting the order to the Portuguese government for approval and because of the alleged action of the Vatican in placing difficulties in the way of the appointment of an ambassador to the Vatican.

SERMONS BOILED DOWN. No man is old enough to be another man's conscience. Character is seen in motives, but it never stays there. The see-me-suffer saint is a twisted sign on the Zion road. Many fail to do any great good because they will not do little kindnesses. Many preachers would reform if sentenced to read their own sermons. You cannot really love men unless you are making it possible to live with them. No man can long be content to measure his possessions by the poverty of other people. The first thing some folks will want to do in heaven will be to elect a new set of officers. It is far easier to praise the forgiveness of enemies than to practise the forgiveness of friends. It seems to make some folks wonderfully comfortable to tell the Lord just what they think of one another.—Chicago Tribune.
